A daily guide to cruise activities 

CABO SAN LUCAS • SATURDAY, SEPTEMBER 17, 2005 • SUN PRINCESS
Sunrise 7:06am • Sunset 7:20pm • Tonight's Dress: Casual

Welcome to Cabo San Lucas

Millenia ago, Cabo San Lucas was part of the Mexican mainland. Then a massive rupture of the San Andreas Fault sent the waters of the Pacific crashing into the newly formed depression, creating the Gulf of California and the Baja Peninsula. Lying at the very tip of Baja, where the Pacific meets the Gulf of California, Cabo San Lucas - or "Cabo" - is one of the premier resort destinations in the Western Hemisphere. Swim in the warm, transparent waters of the Gulf, marvel at the wealth of marine life, relax on one of the white sand beaches, or try your hand at some of the finest sportfishing in the world.

Baja California

Millions of years ago this area was once located between Mazatlan and Puerto Vallarta. However a vast crack in the San Andreas Fault created the Sea of Cortes and the waters of the Pacific rushed in severing the Peninsula from mainland Mexico. The thousands of tourists who now visit these sun-drenched shores and have discovered Baja California's dramatic combination of desert terrain and rugged coastal rock formations, are extremely grateful for nature's change! Formidable natural forces, bolstered by the efforts of pirates and native Indians kept the Baja Peninsula a virtually unexplored wilderness for centuries. It took the Spaniards 150 years just to establish their first permanent settlement on this rugged desert terrain. The youngest of Mexico's states (actually two states - Baja California Norte - established in 1952 and Baja California Sur in 1974) it is also the least populated and remains the most primitive. Although some historians contend that the Buddhist monk, Hwei Sin, from ancient China was the first explorer to set foot on Baja in 499 B.C., it is more popularly held that the first explorers were Spaniards.

A continuous tender service will be available once the ship has received clearance from the Mexican authorities. We will weigh anchor around 5:00pm and once clear of the bay, we will set a southeasterly course towards Acapulco, Mexico.

TIME CHANGE

Please note that the ship's clocks will be turned FORWARD 1 hour during the night between September 17th (Saturday) and September 18th (Sunday).

SAFETY IN THE TENDERS:

Today we will be taking you ashore using the ship's tenders. For your own safety please read the Tender Safety Notice at the head of the gangway and familiarize yourself with the contents of the Emergency Instructions Notice posted in the cab of each tender. You are reminded that there must be No Smoking whilst in the tenders and that to avoid risk of injury, you must keep your hands and arms off the side of the tender as it comes alongside the ship or wharf. It is important that you follow the instructions given by the crew members and that you remain seated whilst in the tenders. Do not get in or out of the tenders until instructed to do so by the ship's staff.

TENDER TICKETS FOR OUR INDEPENDENT PASSENGERS

When you and/or your entire party are ready to go ashore please proceed to the Marquis Dining Room, Deck 5 where you will be issued with a tender ticket - one per person. Cruise Staff will then escort you to the tender embarkation area as they become available.

Please note at the peak operating time delays maybe experienced and we ask for your patience and cooperation at these times.

TENDER TICKETS WILL BE AVAILABLE FROM 8:00am.

The ride from ship to shore takes approximately 20 minutes.
